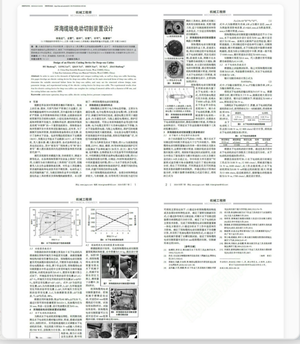
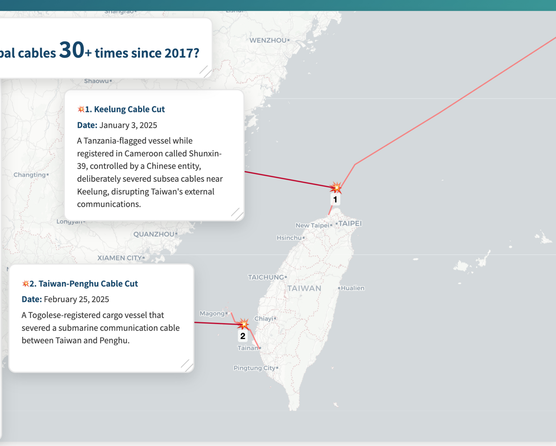
China's Attempts to Undermine Taiwan's Security

Did you know Chinese ships have cut Taiwan's global cables 30+ times since 2017?

China has even invented a deep sea cable cutter for this purpose.





1. Keelung Cable Cut

Date: January 3, 2025

A Tanzania-flagged vessel while registered in Cameroon called Shunxin-39, controlled by a Chinese entity, deliberately severed subsea cables near Keelung, disrupting Taiwan's external communications.

2. Taiwan-Penghu Cable Cut

Date: February 25, 2025

A Togolese-registered cargo vessel that severed a submarine communication cable between Taiwan and Penghu.

Did you know China's military has operated near Taiwan almost daily for the past five years?

The only day they didn't have any operations is when there was a typhoon on 11/11/2025.

Images gathered and mapped to see all the trajectories by PLA using Maximum Difference Projection

As you can see, it's as if they are pervoking and waiting for us to shoot the first bullet.Their movements seem intended to provoke — as if waiting for Taiwan to make the first move.
